

The Maples Academy

Before and After School Program

Before and after school care is available as a service for families who are unable to drop off or pick up their children within the regular school hours. The program director operates the program from 7:00 to 8:30 a.m. and 3:30 to 5:30 p.m. each school day. Students using the service in the morning must report directly to the gym and remain there under the program director's supervision. Students in after school care must go directly to the program room and remain there (or in an alternate location) under the program director's supervision until picked up. When the students are signed out of the program, parents or the authorized person must come into the school to get their child/children and inform the program director. Any parent wishing an unauthorized person to pick up their child/children must send in a written notice or call the school office before 3:00 p.m. Families are responsible for providing drinks and snacks for their children while in after school care. Students who are not picked up by 3:40 p.m. will automatically be sent to after school care.

Before and After school care must be paid for in advance through the school office. A pre-paid punch card system, in amounts of 10 or 20 sessions, will be used at the rate of \$3.25 per session. Cards can be purchased at the office or paid for on-line. The cards will be kept at the school and returned to parents when they are full. Retain these cards for tax purposes. Families without pre-paid cards must pay on the day that the service is used at a rate of \$5.00 per session.
